

**The Willow Lake Quarterly Meeting**

Our attendance was fairly low this time but those that did attend learned a lot. The information from the Fire Department was very enlightening

Chris Faulk (Benton Fire Dept.) and Ms. Kim Cantrell (EMS) were the guest speakers and some of the areas that were covered were:

- Everyone needs 2 fire escape exit plans
- New smoke detectors should be installed every 10yrs.
- EMS offers CPR training at the Swan Lake facility
- EMS also offers Home Assessment and Injury Prevention

**Annexation for Walmart land passes in Bossier City**

An ordinance that would allow annexation of land for a Walmart in North Bossier has passed.

Walmart has withdrawn their 24-hour operation application. As a result, if the superstore is approved, it could be open from 6 a.m. to midnight.

A re-zoning meeting is scheduled for Monday, June 13. No information on this yet.

### Don Mason's European Trip

Don Mason recently returned from a tour of the Baltic States, during his trip he visited Estonia, Latvia, and Lithuania. The first picture is a view of the Hill of Crosses;

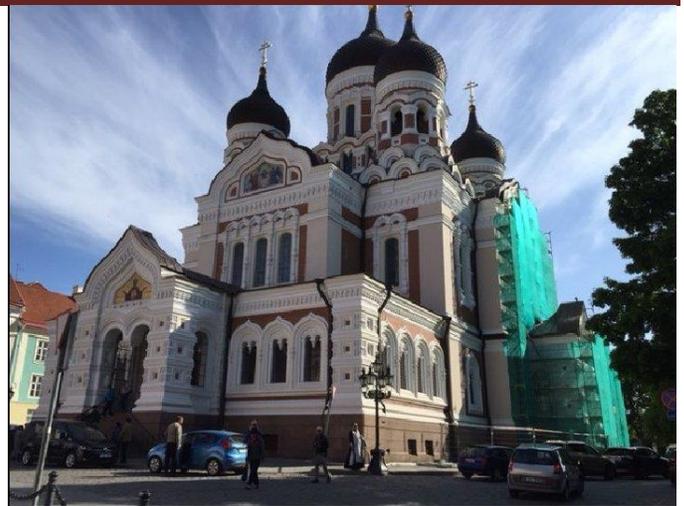

There are more than 200,000 crosses that have been placed there, some to protest the Soviet Occupation, others in memory of loved ones, family, and friends.

### Ladies Luncheon

A small group of us met at Ralph and Kacoos for the ladies luncheon. Had a good time visiting and the food was delicious. Thank you Julee Bruce!

### MORE WILDLIFE ON WILLOW LAKE BLVD

♪ DOE, A DEER, A FEMALE DEER ♪

She appeared last night, June 20th, about 8:15 in the backyard of Lee and Dale Phillips.

Guess she was checking out the flowers and plants for later and will probably be back to eat when nobody's watching.

Now it's been deer, squirrel, possum, bobcat, rabbits, coyotes..... and the list goes on.

I'd rather look back  
at my life and say  
**"I can't believe I did that"**  
instead of saying,  
**"I wish I did that."**
